

Advanced Course

***Toeplitz Operators on Holomorphic
Hilbert Spaces***

12-14 September 2016

Kehe Zhu

SUNY at Albany

Lectures

1. The Berezin transform and size estimates
2. Algebraic and spectral properties
3. Invariant subspaces, reducing subspaces, and C*-algebras of Toeplitz operators

Place: Aula T1

Time: Monday, September 12	15:00 - 17:00
Tuesday, September 13	17:00 - 19:00
Wednesday, September 14	15:00 - 17:00
